features

New  
fabric

## Jobskin® Original

Excellence in made-to-measure garments for burns & scar management for over 40 years.

- High performance original powernet
- Flexibility to select binding, zips and threads
- Offered in 8 solid colours and 7 prints

## Jobskin® Active

Ultra fine knit performance fabric with superior stretch qualities and UV protection

- Clear cut - will not ladder
- Co-ordinating finishing and threads to the fabric
- Offered as a 'sporty garment' look
- Initially offered in 2 plain colours

# Expanding the options available...

## Jobskin® Q10

- Known as ubiquinone is a natural component of the skin providing an antioxidant effect
- Contains coenzyme Q10 to enhance moisturisation of the skin while the garment is worn. This can improve elasticity & hydration of the skin
- High performance powernet
- With a square knit stretch for fast recovery and tailored consistent compression
- Offered in 5 skin tones to mirror the Fitzpatrick type II - VI

Dual  
measure  
system

## The Fitzpatrick Scale

				
Type II	Type III	Type IV	Type V	Type VI
White, fair	Medium, white to olive	Olive, moderate brown	Brown, dark brown	Brown, very dark, brown to black

Three  
garment  
ranges

A new  
superior  
refined fit

## Company Profile

Medigarments Ltd is the company behind the internationally recognised brands Jobskin® and SDO®. We lead the way in rehabilitation therapy and are the largest UK manufacturer of specialist custom compression garments supplied through therapy and orthotic professionals. Our reputation for the design, and supply of technically advanced garments has been built over 40 years supplying the highest quality made-to-measure products.

Our garments are used to manage scarring as a result of burns or trauma injury. In the field of dynamic compression, they are used to increase sensory and proprioceptive feedback as well as provide musculoskeletal support.

We are dedicated to providing the ultimate in therapy management, with the focus on improving patient quality of life.
